1. 全程使用最新的苹果设备开发
2. swiftUI + chatGPT辅助，目标直接开发AIGC版
3.md语法的Meta language，例如：
#Math
import lean
pretty
#表示开发者有自信能够快速解决IMO问题
4. 使用Swift语言，例如：
import foundation
Package com.melodyverse.meteor
@author meteor
#设计文档
5. 设计文档的原则是elegant，即：
1. using modern tools
2. using Swift language
3. using .md to ask GPT
4. using common sense
5. using vscode as main
6. using swiftUI and xCode
7. using default editor
8. using Xcode as playground
9. using markdown syntax
10. using vscode to write GDD
11. using meta programming
12. using lean to think pretty
13. using txt to describe your design
14. using your fav editor
15. using editor to manage all data.
16. create your own clip!
17. using our tools to help you
18. using our editor and just write
